After tieing St. Louis in the ninth the locals wom in the tenth by a score of 3 to 2, for their twenty-third consecutive victory.

Steele, a young left handed pitcher, came within one putout of stopping the New York team's sensational run. He held New York to four scattered hits for the first eight innings and allowed no runs. With one out in the ninth he walked McCarty and Kelly, a pinch hitter, filed to Betzel for the second out. Burns then singled and therzog tripled to right, driving in McCarty and Burns with the tieing runs. Zimmerman opened the tenth for New York with a single and both Fletcher and Kaunf beat out bunts, filling the bases with none out. If Woodward, Donovan and Weaver are not taken away, New Haven will have three steady twiriers for a foundation. One or two more good pitchers will be needed and perhaps several will be tried out for the places. Rube Bressler will go back to the Philadelphia Athletics, which leaves a vacancy on the local pitching staff right off the reel. As Catcher Mickey Devine goes to Boston and Catcher Smith isn't considered quite up to souff as an Eastern league backstop, Manager Murphy will have to pay some attention to his catching staff for next season. Sammy Lawrence, the New London boy, who tried out with the Murlins a few weeks ago, will be given a good chance in the spring, it is understood and it is expected he will land as one of the regular catchers.

Of the rest of the players, we would not be surprised if Moose Miller, Bill Nutter and Reed were the only ones retained after the practice season in the spring. There is a galler than Lajole in a year older than Lajole."

Sporting Notes

Manager Bob Byrnes of the Academy football team has secured the Taftville A. C. for the opening game Saturday on the campus.

The Indians have returned Bob Coleman, catcher, to the Columbus club of the American association. It appears he was taken on trial only, and the deal was officially cancelled some time ago, though Columbus remained with the Indians until recently.

Fritz Maisel and Frank Baker, of the Yanko, will be members of a team

retained after the practice season in the spring. There is a feeling that the Murlin infield can be greatly strengthened and that there is a possibility that Phil Chouinard may be sent to the outfield and a new second the second of the members of the champion Athereses and the second of the members of the champion Athereses and the second of the seco baseman signed. Chouinard is a regular outfielder and when in shape there is no more valuable.

Nutter is the sensation of the New Haven club. Center field couldn't be improved upon in the minds of the fans and unless some one gobbles up Nutter, he will be right back on the job much to the delight of the local fans. Reed, who came here from Hartford toward the latter part of the season, is considered a valuable Hartford toward the latter part of the season, is considered a valuable man in the outer garden and it looks as if he may be kept in right field.

Moose Miller has played consistent ball all the season and has hit well in the pinches. He is popular with the fans and it would be hard to secure a more valuable man for first than the veteran Moose.

President James T. Collins is pleased with the work of Manager Danny Murphy this season and gives him much credit for rounding out as good a club
